Response to emails from Don Senior and Don Webber:

- limited by finances for in person learning (including meals, travel, etc.) and limited by people's ability to take off of work for the five days for in person
- asking for people to join Passionist formation program at any time
- not by invitation only but advertised to all people, not just employees
- Passionist ministry centers all have charism committees who are implementing the OME formation materials.
- OME has a pilot program at retreat centers that will be shared with the entire Passionist family.

- level one curriculum for everyone but OME is working on more with a multi-layered approach.

Marci will attempt to summarize the thoughts of the group in her responses to both men.

The Team decided that the **Vision Fulfillment Projects Status Report from Resource Groups** is good to incorporate in our work
